

An aerial night view of a city skyline, likely New York City, with numerous skyscrapers illuminated by city lights. The word "URBAN" is overlaid in large, white, bold, sans-serif capital letters in the center of the image. The background is a dense grid of lights from the buildings, with some taller buildings standing out against the dark sky.

URBAN

BEST MANNEQUINS

TAKE DOWN THE WALLS

The unconscious biases instilled in our collective psyche by the archaic norms of society are fading. In today's fast changing world, everything that is long-established & origin associated is to be questioned. Fashion can be employed as a tool to change those assumptions.

A new era has begun, the new 'traditional' is introducing itself faster and faster. It's no longer a fantasy or an utopia but just a living right. The URBAN collection supports this change. Erasing outdated biases and changing the view of the windows in the streets are our mission.

We proudly introduce our URBAN collection.
